

DEATH

OF REV. DR. D. B. HERVEY AT MT. VERNON

EX-PRESIDENT OF GRANVILLE FEMALE COLLEGE.

PREACHED OFTEN IN NEWARK.

For a Time Supplying Pulpit of the First Presbyterian Church—A Short Sketch.

Mt. Vernon, O., Jan. 21.—Rev. Dr. Dwight B. Hervey, former president of Granville Female College, and who for some time preached in Newark, died here during the night at the home of his son, Dr. George Hervey, after an illness extending over several weeks.

The above special telegram to the Advocate will be sad news to Dr. Hervey's many friends both in Newark and Granville.

Rev. Dwight B. Hervey was born in Martinsburg, Knox county, Ohio, June 4, 1834, and received his education at Martinsburg academy, Hanover College, and Jefferson College, Pennsylvania, graduating from the latter institution in August, 1858. He studied theology one year at Princeton, and two years at Allegheny seminary graduating in 1861.

He was licensed to preach by the Presbytery of Richland, in June, 1860, and immediately took charge of the Presbyterian church at Mt. Gilead, as stated supply. October 9, 1861, he became the pastor of the Presbyterian church at Mt. Vernon, where he remained until 1872, when he removed to Jersey, this county and served the church there until July, 1875. He then accepted a call from the Granville Presbyterian church. While in Granville he was president of the Granville Female College and remained there until several years ago, when he took charge of a church in Edinburg, Penna.

For some time past he has been unable to preach on account of failing health, and several weeks ago he went to Mt. Vernon, and made his home with his son, Dr. George Hervey.

On September 16, 1861, he was married to Miss Mary Elizabeth Eels Reeder, of Newark, a daughter of Mr. and Mrs. John A. Reeder, who survives.

Five children, all living were born to Mr. and Mrs. Hervey. They are: Walter, president of a teachers' college in New York; Henry, superintendent of schools in New Jersey; Clifford, a physician in Cortland, N. Y.; George, a dentist in Mt. Vernon, and Mary, a teacher of physical culture across the Hudson from Poughkeepsie.

During the interim before the pastorate of Rev. John Montgomery, Dr. Hervey was stated supply for the pulpit of the First Presbyterian church.

Reward Is Offered.

Rochester, N. Y., Jan. 21.—Mayor Rodenbeck this morning announced that he would give a reward of \$500 for the arrest of the person or persons who murdered B. E. Brown, the State street jeweler on Sunday in his store. The police are without a tangible clue as yet.

BUFFALO BOWLING CONGRESS.

Buffalo, N. Y., Jan. 21.—The delegates to the bowling congress are hustling for their candidates. The western men are, to a man, out for Frank D. Passelop for the presidency.

The prizes to be given will amount to \$3,000. The bowling will begin at 4 p. m. today. It will continue at 7 p. m. with the third series at 10 o'clock this evening.

A Thrilling Ride.

Springfield, O., Jan. 21.—Edith Brady, aged 12, and John Jachner, aged 8, had a thrilling ride on the rear fender of an interurban car en route from this city to Urbana. The conductor did not notice them get on, and when he found them they were almost frozen and nearly frightened to death. They said that they had got on to steal a ride as they had never been on a trolley car before. They are satisfied with their experience and were returned to their home.

THRICE A WEEK

Wife Demanded That Her Husband Shave Himself—A Chillicothe Divorce Suit.

Chillicothe, O., Jan. 21.—Testimony in the divorce suit filed by Oscar E. Sigler, a rich miller of Richmondale, became so spicy that Judge Douglas has to disappoint an eager throng by adjourning the hearing to a private room. Sigler alleged against his beautiful wife of 37, infidelity. William Maxwell proprietor of a store at Richmondale, was named as corespondent. Testimony showed that the first eight years of their married life were happy; that three years ago the wife began to insist that Sigler shave himself three times a week; that she became "dressed," and wanted complaint to be "dressed up" all the time; that the wife had been cold and indifferent and occupied a separate room. The wife testified that Sigler did not bathe frequently enough to suit her. According to the evidence, Mrs. Sigler and Maxwell were once arrested in a resort.

The case ended last night by plaintiff getting a decree and custody of the two children. Defendant gave notice of appeal.

Taft's Health Better.

San Francisco, Jan. 21.—Gov. Taft, his wife and three children came ashore today as soon as the transport Grant passed quarantine. They will remain in the city resting until Thursday or Friday, when they leave for Cincinnati. The Governor's health was much improved by the voyage, though his strength is not yet restored.

POWDER MILL

Blows Up and Two Men are Dead. While Two Others are Dying.

King's Mills Branch.

King's Mills, O., Jan. 21.—With a force that shook the country for miles around and that left not a vestige of it standing the glazing mill of the King's Mill Powder Company, situated on the left bank of the Little Miami River, went up yesterday.

Will Dustin, of Mainville, Ohio, was blown to pieces. David Thompson, of Mason, Ohio, was so badly mangled that he died in a few minutes. Chas. Harper and a man named Butler were also terribly injured and their death is expected. Both are from South Lebanon, Ohio.

The mill was located some distance from the other buildings connected with the powder works and was the only one that was destroyed. Pieces of the structure strewn the woods for hundreds of yards. Where it stood is an immense hole in the earth. Not a vestige of Dustin has been found.

No workmen other than the four whose names were mentioned were near the mill at the time of the explosion, which occurred at 1:30 p. m. The injured men are in such condition that they can tell nothing of how the accident occurred.

Howard Trial.

Frankfort, Ky., Jan. 21.—In the Howard trial this morning, Miss Mattie Jones was a new witness for the defense. She said she saw Howard on January 1, 1900, and on the day George was shot and on both days he was clean shaven. Her sister, Lillie, gave the same testimony.

D. B. Walcutt, who was in charge of the militia in Frankfort the day of the shooting said that W. H. Culton had lied either to him or on the stand. He testified that Culton had told him he had a contract with the attorneys for the state to furnish evidence against the alleged murderers of George.

CAUSED A SENSATION.

Indianapolis, Jan. 21.—At the Miners' Convention this afternoon President Mitchell caused a sensation by a statement that Miss Mollie Meredith had preferred charges against him and National Secretary Wilson and the National Executive Board. Miss Meredith will present the charges this afternoon.

The 12 largest English railway show decreases in net earnings for the second half of 1901 amounting to \$1,559,566.

OH, DON'T

CRIED LUTZ WHEN THE ROPE WAS ADJUSTED.

MURDERER COLLAPSED ON THE SCAFFOLD AT WILKESBARRE.

THREE MEN HANGED TODAY.

Execution at Jefferson City, Mo., Not Altogether Successful—Story of John Lutz' Crime.

Wilkesbarre, Pa., Jan. 21.—John Lutz was hanged in the Luzerne county prison yard this morning, at 10:16. He marched to the scaffold with a firm step and up to a minute before the trap was sprung he was remarkably composed. When the rope was being adjusted he cried out in agony: "Oh, don't." Then he collapsed utterly and the execution had to be hurried. It was the most sensational hanging that Luzerne county has yet had.

Lutz, who was hanged today for the murder of his wife, was probably the most remarkable prisoner ever confined in the Luzerne county jail. Tried twice for his life, condemned twice to be hanged, attempted twice to commit suicide, two dates set for his execution, respited for two months and feigning insanity for two years, he presented an unusual problem to the student of criminals. Lutz who was a fireman in a colliery lived with his wife and five children in a modest home in West Pittston. He was of a morose disposition and was jealous of his wife without cause. On the night of November 28 Lutz returned home and had some words with his wife who went to bed with two of her children and left him down stairs. Some time later he retired to another room. About midnight he went down stairs secured an axe, went to her room and struck her on the head, splitting her skull with the blade and splattering the bed and walls with blood. Then he retired to his own room and hacked his throat with a knife. At this time the youngest child was sleeping with its mother and began to cry and aroused the oldest daughter who was sleeping on the other side of her mother. She attempted to rouse the mother, and getting no reply from the latter, the girl put her hand on her mother's face and found it covered with blood. The girl then gave the alarm. The chief of police of West Pittston came to the house and arrested Lutz. Dr. P. H. Hubler was summoned and found that Mrs. Lutz was still alive. He put stitches in Lutz's neck and the latter was taken to the county hospital early next morning. Mrs. Lutz died two days later without regaining consciousness.

Jefferson City, Mo., Jan. 21.—J. L. Craft, a convict from Lawrence county, was hanged this morning for the murder of a farmer boy. Herman Spieker, who refused to give the convict a horse to aid him in his flight from the penitentiary.

The execution was not wholly successful, the noose slipping from under the ears to the chin, making death slow.

Kansas City, Mo., Jan. 21.—Albert Garth, a young negro, was hanged here today for the murder of Minnie Woods, a negress, in a fit of jealousy.

Here Are Triplets.

New York, Jan. 21.—Boy triplets were born yesterday to Mrs. Mary Schwab, at her home in Bushwick avenue, Williamsburg. She is the wife of Wm. Schwab, a mechanic, and the family, which now numbers eleven children, is in the most destitute circumstances. Mother and babies are doing well.

TELEGRAPHIC TYPEWRITER.

Bath, Me., Jan. 21.—A telegraphic typewriter, which it is claimed will revolutionize the whole telegraphic idea, has been invented by Herbert L. Crowmell, of this city. A message by this new method sent upon a typewriter-like machine, will be printed on a similar machine at the receiving end. A trial test of the machine has proved successful.

Judge J. M. Swartz made a trip to Columbus today on legal business.

MARCONI

The Wireless Telegraph Inventor Releases Miss Josephine Holderman From Engagement to Him.

New York, Jan. 21.—Gullielmo Marconi's engagement to Miss Josephine Holderman of Indianapolis, has been broken. The announcement of this fact was made today by Mrs. H. B. Holderman, through her friends. The announcement simply stated that her daughter had asked Mr. Marconi to release her from the engagement and that he had acceded to the request. Marconi will sail for Europe tomorrow.

City Ruined.

City of Mexico, Jan. 21.—The latest reports from Chilpancingo say that over 600 houses have been destroyed. The city is a complete ruin. The government is making strenuous efforts to relieve distress. At Lacotepec a volcano has burst out and people are terrified.

GREAT GLOOM

Pervades Headquarters of Boers at Amsterdam and Hilversum. Chamberlain's Speech.

Amsterdam, Jan. 21.—Since the Boers here have practically decided to waive the question of independence in their endeavor to secure peace to South Africa, great gloom has pervaded their headquarters here and at Hilversum. The promise of Colonial Secretary Chamberlain in the House of Commons last night that there would be no confiscation of their property, that amnesty would be extended and political rights restored, seems to reduce the question to a point where an agreement is possible.

The one stumbling block is General Dewet and other Boers who remain in the field fighting for independence. The Boers here say that, but for them peace would be only a matter of negotiation and time therefore. The prolongation of the war, they say, now rests on Dewet's reputed determination to fight until he has expended his last man and last cartridge.

A Dissatisfied Man

St. Louis, Mo., Jan. 21.—William H. Hofmeister committed suicide by shooting himself this morning in a room at the Planter's Hotel. Hofmeister was supreme recorder of the Legion of Honor and was a candidate for the chancellorship, but was defeated last night.

War Expensive.

London, Jan. 21.—The South African war cost Great Britain 46,390,000 pounds from April 1 to December 31.

AT FREDONIA

The Death of Henry W. Anderson Occurred Late Monday Afternoon. Funeral Wednesday.

Fredonia, O., Jan. 21.—Mr. Henry W. Anderson, 63 years of age, died Monday afternoon at 4:30 o'clock at the residence of his nephew, Mr. E. J. Roley, of Fredonia after a short illness with paralysis.

The deceased was the youngest son of the late Mr. and Mrs. William Anderson, and was one of a family of eight brothers and sisters, of whom five survive. He was born on the old home place, about two miles south-west of Fredonia, where he lived all his life, until three years ago, when he went to make his home with his niece, Mrs. Roley. The deceased was unmarried. He was an excellent man, an upright Christian man, and was universally respected by all who knew him, having held many positions of honor and trust. He had been an invalid for some years, and his last sickness was of some three or four months' duration. The immediate cause of his death was paralysis.

The funeral will take place at 10 o'clock tomorrow afternoon at the Methodist church. Rev. Mr. Bonanza will officiate. The burial service will be under the auspices of the Masons lodge here. Members of the Newark and Granville lodges are invited to attend the funeral.

SCHLEY

RETURNS FROM HIS TRIP TO THE SOUTH

APPEAL TO PRESIDENT MADE TOMORROW PROBABLY.

THE APPEAL HAS BEEN OPPOSED

By the Maryland Delegation Considering It a Hopeless Undertaking. Their Action Delayed.

Washington, Jan. 21.—(Bulletin)—Admiral Schley has approved of the appeal in his case as prepared by Mr. Wagner and it will be presented to President Roosevelt this afternoon.

Washington, D. C., Jan. 21.—Admiral Schley and wife arrived here this morning from the South, where they have been enjoying a brief holiday. The Admiral conferred today with his chief counsel, Hon. Isidor Rayner regarding his appeal from the findings of the naval court of inquiry and the decision of the secretary of the navy approving the same. The appeal will probably be presented to the President tomorrow. It is said to contain about 25,000 words and to be an elaboration upon the protest filed with the secretary of the navy against the report of the court. Whether or not the appeal to the President will be given to the press will depend upon the pleasure of President Roosevelt.

The arrival of Admiral and Mrs. Schley was unostentatious, only two or three friends being in waiting when the train drew in. To the first greeting, the Admiral responded that he had an enjoyable visit and was feeling in splendid health. He smilingly shook his head when asked if he had brought back any of the deer which he is said to have shot out of season in Georgia. A carriage was in waiting, and he and Mrs. Schley were quickly driven to their residence at the Richmond.

Speculation on President Roosevelt's action upon Admiral Schley's appeal has a free hand today. The fact is that the President can do almost anything he pleases as commander in chief of the army and navy. It is the general opinion here, however, that the President will do nothing without first consulting the cabinet. The personality of the master of the White House makes forecasts of his probable action difficult, but on a question of such almost national importance it is believed that he will at least obtain the opinion of his official family before taking the final step.

The Maryland delegation in Congress has from the first been opposed to the appeal. They have considered it a hopeless undertaking and one calculated to further humiliate the idea of their state. It has, moreover, hampered them in their efforts to secure legislation for Schley at the capitol. They are obliged to await the result of the appeal and thus, in their opinion, have lost valuable time.

The people who neglect to make hay while the sun shines out no ice.

MURDERER

Of His Common Law Wife Died This Morning in Pittsburg Hospital. Child Also Dying.

Pittsburg, Pa., Jan. 21.—Vincent Vizek who murdered his common law wife, Rosa Lak, last week, died in the hospital this morning of wounds inflicted by the woman. He tried to kill his three daughters. One is dead and another is dying.

FOR WOMAN'S LOVE.

Kenton, O., Jan. 21.—Because they were rivals for the affections of a young lady Harry Long and Clarence Gordon fought a fierce battle. The altercation started in the city, but, fearing arrest, each took a friend, got into their buggies and drove to the fair grounds, outside the limits, stripped to the waist and fought without molestation. The fight ended in a victory for Gordon, the smaller man.

INSURANCE AND DEATH.

Akron, O., Jan. 21.—The day after taking out a \$1000 life insurance policy Fred Fallow was taken ill and in 10 days he died.

FATHER DUCEY

Says Carnegie is Mistaken When He Says Any Man Could Get All the Work He Wanted.

New York, Jan. 21.—In an address before the Congregational club last night Father Ducey of St. Leon Catholic church, arguing for greater consideration of the poor, said: "Andrew Carnegie knew he lied when he said that any man could get all the work he wanted in this country." Father Ducey advised his hearers to go about the department stores and attempt to secure work for worthy persons. The results would prove, he said, that Mr. Carnegie was wrong.

PATRICK TRIAL

Crowds Anxious to Gain Admission to Court and Men Want to Do Jury Duty.

New York, Jan. 21.—By tonight it is confidently expected a jury will have been formed to hear the remarkable case of Lawyer Albert T. Patrick, charged with prompting the murder of Millionaire Wm. M. Rice. Five jurors, all men above the average intelligence, were chosen at yesterday's opening session. A curious feature of the work of securing the jury in this case is the fact that there is an apparent desire on the part of the talesmen examined to serve.

NEW

CHAPTER IS ADDED TO THE DAYTON SCANDAL

COLONEL WITAKER REFUSES TO RESIGN.

TALKS ABOUT CAPTAIN LYON.

The Action of Whitaker Causes Something of a Sensation at Columbus—Foster's Suggestion.

Columbus, O., Jan. 21.—The second sensational chapter in the scandal at the Dayton State Hospital for the Insane was made public last night here when Col. Frank W. Whitaker of Hamilton, announced his decision to refuse to hand his resignation to Governor Nash as Trustee of the institution. In accordance with the Governor's demand, Colonel Whitaker came here to see Nash and to find out why his resignation is wanted. He said: "I refuse to be made to bear the burdens of other members of the board. I cannot afford to resign. If I do as the Governor wants me to I will be charged with misconduct. I am not guilty of misconduct. I am willing that a complete investigation should be had, and then the odium will be placed where it belongs."

Colonel Whitaker's stand has caused a big sensation here, since it was supposed that every member would act as the Governor's bidding without hesitancy.

As telegraphed to the Advocate yesterday W. C. Lyon tendered his resignation by wire. It was in response to the Governor's letter demanding that his resignation be effective at once. It was presumed that the other members would act likewise, and the Governor's clerks have been watching the mail for letters from the Trustees, and watching in some instances in vain.

Colonel Whitaker throws much light upon the complaint that was made against Captain Lyon by female employees of the institution. The charge that resulted in the investigation by the members of the State Board of Charities came from a nurse employed in the hospital. Colonel Whitaker says that this nurse reported that Captain Lyon followed her through a hall, and when he approached her drew her to a chair and into his lap. It is alleged that Captain Lyon put one arm around the woman's waist and took liberties with her that she promptly resented.

The report of the investigating commission made no reference to this alleged charge. Messrs. Hale and Platt, in that report, simply called the attention of the Governor to one instance of gross overcharge for mileage, and then recommended that the whole board be fired.

It was stated at the time that the report was an ingenious affair, and that it was intended to cover up more than was revealed. It develops that that was the very purpose of the report. It was demonstrated to the commission that affairs at Dayton were in a condition that would startle the people of Ohio if their true inwardness were revealed, and to save a greater scandal the unsatisfactory report was made.

It is evident that the matter will not drop at this point. If Governor Nash insists upon Colonel Whitaker resigning there will be some excitement for the very reason that the Hamilton member refuses to quit the service of the state without a full investigation.

With the return of all the members of the Legislature to the city, the Dayton moral is discussed from every point of view. The opinion seems to prevail that matters should undergo a rigid examination, and that the blame for the scandal should be placed where it belongs.

Superintendent Rathbun and Steward Knowles of the Dayton Hospital, were in Columbus yesterday to attend the conference of State Institution Managers and Officers. They made no reference to the unpleasant incident with which they have been more or less connected.

A high commendation was bestowed on Colonel Whitaker when 20 Dayton residents called on Governor Nash and urged that he resound the Hamilton member.

KNOCKED WIFE DOWN

And Argued That He Was Justified in Doing So—Westnedge Gets a Heavy Sentence—Woman Will Return Home and Will Sue for a Divorce.

William Westnedge had his hearing before Judge Atherton Tuesday morning, on a charge of assault and battery on his wife, Baby Westnedge. He acknowledged that he had indeed hit her down Sunday and that he had said he thought he was justified in his actions as she was over to a neighbor and when he ordered her home she refused to go.

The wife was in court and said she was afraid of her life with him. She had frequently threatened to leave him last week, being on a spree, and she threatened to cut her heart out if he did not go after some more.

The present case was this playful demonstration by asking his wife to come from Mitchell Vanatta & Co. but I didn't see it and I didn't see it.

The Chicago Tribune says that Gov. Crane, of Massachusetts, is slated for the navy portfolio in the Roosevelt cabinet, to succeed Secretary Long, and that he will remain as governor until after the adjournment of the Massachusetts legislature, when he will resign and accept the position of secretary of the navy. It is alleged, by those who are watching events at the federal capital, that Roosevelt is using cabinet positions to get rid of his rivals for the presidential nomination of his party in 1904, and thus playing what he considers a deep game of politics. He has shelved Shaw, of Iowa, and Crane, of Massachusetts, to follow. Both these gentlemen were candidates for the presidency, and their friends are or were busily engaged in booming them with that end in view. Mr. Roosevelt has shrewdly removed those two possible rivals in 1904, for, of course, a cabinet officer could not properly oppose his chief in a national convention.

It develops that General Wilson, who is to represent the United States army at King Edward's coronation ceremonies, has been chairman of the Republican state committee of Delaware ever since his retirement from active military service, and is, consequently, a warm supporter of "Gas" Addicks. There may be more humor than significance in the incident. It is clear, however, that President Roosevelt intentionally or otherwise, has failed to disarm the critics who prophesied that the first administrative plum of any importance would land either in "Gas" Addicks' own hat or in that of one of his lieutenants.

The treasury report on the imports and exports from the United States during the calendar year 1901 show a falling off in the excess of exports, compared with 1900. It is the first evidence of a recession in the export trade since the upward movement began, after the panic years 1893 and 1894. The excess of exports in 1890 was \$648,796,000 and for 1901 this had fallen to \$585,100,000, a decrease of \$63,696,000.

The Republican reformers of New York want to keep the city vote by opening the saloons Sunday and want to keep the country vote by shutting the saloons up Sunday. A fall between the stools is the common political prediction in the inner circles now.

Desperate Plight of Cuba.

(New York Evening Post.)

Stagnation and acute apprehension pervade all business. Several houses have failed within the past few weeks—a thing, we may add, which did not occur even during the blockade of Cuba by our fleet. The sober prediction of skilled observers is that the leading firms of Cuba will go bankrupt unless Congress grants tariff reductions within sixty days. Sugar is coming forward in large quantities, but at present prices it represents an actual loss to the majority of growers. The cigar factories are running on half time, but only so as to keep the operatives from starvation, since the unsold product is piled up in storage.

The Duty on Refined Sugar.

(Indianapolis News.)

The sugar trust is using tons of paper and ink in pushing its propaganda for free raw sugar in the interest of the American consumer, but in all the arguments it has sent out it has not had one word to say about the reduction of the tariff on the refined product, notwithstanding the fact that less than 1 per cent of the sugar that we import is in the refined state. By reducing the tariff on the refined sugar also we should be doing a good thing for the promotion of reciprocity with Germany, with which country we have a very large trade.

IT'S UP TO CONGRESS

Panama Company's Offer Which Has Been Approved By the Canal Commission—Review of the Findings of the Isthmian Commission—Business in Congress.

WASHINGTON, Jan. 21.—President Roosevelt has sent to congress, with a message simply of transmittal, the supplemental report of the Isthmian canal commission, in which it is unanimously recommended that the offer of the Panama Canal company to sell all of its rights, property and unfinished work to the United States for \$40,000,000, be accepted. The senate ordered the report printed in the Congressional Record, and also as a document.

After quoting the correspondence which passed between the commission and the officers of the Panama Canal company in Paris, the report says: "The totality, without exception, of its property and rights on the isthmus, mentioned in the cablegram of Jan. 9, includes the following classes of property:—

"1. Lands not built on.—There are 56 parcels of land to which the title rests in the canal company, amounting to about 30,000 acres, which, with the lands belonging to the railroad company, cover nearly all of the ground required for the actual construction of the canal.

"2. Buildings.—There are scheduled 2,431 buildings, divided among 47 sub-classifications, used for offices, quarters, storehouses, hospitals, shops, stables and miscellaneous purposes. Among them are two large permanent buildings in Panama, one used as the headquarters residence and the other as the general office; large hospitals at Colon and Panama; and several important buildings at Colon. These buildings are furnished.

"3. Plant.—There is an immense amount of machinery, consisting of floating plant (tugs, launches, dredges, etc.).

"4. Work done.—The excavation already accomplished upon the main canal line, which will be of value in the plan recommended by the committee, was carefully computed and was found to be \$6,689,963 cubic yards. A temporary diversion of the Panama railroad has been made in the Culbreth cut, which also must be considered.

"5. Panama railroad.—Of the existing 70,000 shares of the Panama railroad the canal company will transfer to the United States all but about 1,100 shares. These latter are held by a few individuals residing in various parts of the United States and in Europe.

"6. Maps, drawings and records.—The value of the maps, drawing and records in Paris, on the isthmus or elsewhere, all of which are to be

transferred to the United States, is placed at \$2,000,000.

Summing up the foregoing items, the total value of the property is found to be: Excavation done, \$27,474,933; Panama railroad stock at par, \$6,863,300; maps, drawing and records, \$2,000,000; total, \$36,338,233. To which add 10 per cent to cover omissions, \$3,633,823. Total \$40,000,000.

Debate on Philippines.

A very interesting debate on the Philippine tariff bill began in the senate today. On behalf of the majority of the committee on Philippines, Chairman Lodge reported the house measure. Mr. Rawlins of Utah, acting for the minority of the committee, offered a substitute for the bill of the majority, and announced that he would submit some remarks on it at the conclusion of Mr. Lodge's statement in support of the majority report. The measure providing for the establishment of a department of commerce was also under consideration. An effort was made by Mr. Nelson of Minnesota to secure a vote, but the opposition to many of its provisions became so strong that the effort had to be abandoned.

The Democrats' substitute for the house Philippine tariff bill provides that there shall be temporary free trade between the United States and the islands; that the United States shall continue to occupy and govern the islands until a stable government has been established, when the president shall direct withdrawal from the islands, the United States to retain such military and naval stations as are deemed necessary. The Philippines are declared by the minority bill to be foreign territory from the passage of the act.

Senator Vest introduced in the senate, as a substitute for the ship subsidy bill, his bill of the last congress, which was carefully computed and was found to be \$6,689,963 cubic yards. A temporary diversion of the Panama railroad has been made in the Culbreth cut, which also must be considered.

"5. Panama railroad.—Of the existing 70,000 shares of the Panama railroad the canal company will transfer to the United States all but about 1,100 shares. These latter are held by a few individuals residing in various parts of the United States and in Europe.

"6. Maps, drawings and records.—The value of the maps, drawing and records in Paris, on the isthmus or elsewhere, all of which are to be

barnyard, feeding with the chickens. Recently he experimented by securing a number of quail eggs and hatching them under a setting hen. The little midgets manifested but little alarm after coming into the world, and they freely mixed with the other poultry, and their familiarity had much to do with taming the flocks that hibernated in the fields and seldom ventured near the house. His experience with this brood convinced him that the birds could be domesticated, and he will engage in the task on a large scale. It is his purpose this coming summer to gather the eggs and hatch them in an incubator and begin the work of domesticating them at once.

The females may be kept for future breeding, while a part of the males will be sold, and he is counting upon having 1800 egg producing birds when the season opens in 1902, to be increased if the results are satisfactory. In speaking of his purpose Mr. Smith says:

"I have investigated the subject thoroughly, and am convinced there is more money in a good quail farm than there is in cultivating the ordinary crops. The broods average anywhere from 20 to 30; the birds are easily raised, and there is always a greater demand than supply. I am in direct communication with the markets of Chicago, Cincinnati and other cities, and if the domesticated birds can be sold when the wild birds are out of season, I can get a much better price than is paid now. I find that the domesticated bird is larger, also, than the wild bird, and this is in my favor. I believe that I can have 2000 to 2500 birds ready for market in January, 1903, and I know I can more than double that number by another year."

Akron.—The Barborton, Akron and Eastern Railroad and the Akron B. & E. line will be consolidated and important connections secured.

Tiffin.—By upsetting a crock of milk the three-year-old son of Frank Shaker was horribly scalded, and may die.

The electrician sometimes uses shocking language.

Laxative Bromo-Quinine removes the cause. E. W. Groves' signature on every box.

NEW

(Continued from Page 1.)

It is man. They said that Colonel Whitaker was popular in Dayton and that the people there wanted him re-appointed. They said not word of criticism had never been uttered against him. Governor Nash said that he would give the wishes of the delegation serious consideration.

Nash also remarked that his only criticism of Colonel Whitaker was that he had not been a regular attendant at board meetings lately and that he did not make a report of the doings of officers and members direct to him.

The members of the delegation intimated to the Governor that they would like to see Superintendent Ratliff retained at the hospital. They did not say as much in favor of Steward Knowles. In fact, some of the men expressed themselves in favor of Knowles's immediate decapitation.

The members of the party were said to be friends of Dr. Lowes, "the George Cox of Dayton," and yet they are against Steward Knowles. This situation cannot be understood by politicians here. Knowles has been the Lowes man at the asylum and has worked politics at that institution, it is said, for the Republican "Cox" of Montgomery county.

Ex-Governor Foster is in the city to attend the semi-annual meetings of Trustees and officers of state institutions. The cleaning out of the Dayton Asylum is the subject of conversation among the members of the organization.

Said Governor Foster: "The charges of inflating expense accounts at the Dayton institution sustains my claim that a state traveling auditor should be appointed to look at the books of public institutions. A traveling auditor could tell at a glance just how things were running, and he could put a stop to practices that were not proper."

LEGISLATURE

Bill Regulating Issue of Railroad

Bonds—The McKinley Memorial.

In House and Senate.

Columbus, O., Jan. 21.—In the Ohio senate, Mr. Duffman of Lucas county introduced a proposition, amending sections 3280-89, regulating the issue of bonds by railroads so as to make judgments for personal injury and material furnished liens prior to mortgage liens.

In the house of representatives a special committee on McKinley memorial services to be held on Jan. 29, was appointed by the speaker as follows: Messrs. Arthur, Foster, Ankeny, Silberberg, Painter, Lochary, Garrison, Guttridge, Stage and Gear.

A resolution was offered by Mr. Demuth of Lucas to increase the membership of the following standing committees: Common schools, 9 instead of 7; federal relations, 9 instead of 7; finance, 13 instead of 9; insurance, 9 instead of 7; taxation, 13 instead of 9; temperance, 9 instead of 7. If this resolution should be adopted it will enable the speaker to adjust some complications in the assignment of committees, as it makes places for 16 more members. The increase of the committee on federal relations is of particular interest at this time, as it will have charge of the redistricting of the state for congressional purposes.

A FRIEND'S ADVICE

Will Often Help You Greatly. Read

What One Newark Citizen

Says:

You may hesitate to listen to the advice of strangers, but the testimony of friends or residents of Newark is worth your most careful attention. It is an easy matter to investigate such proof as this. Then the evidence must be conclusive. Read the following:

Mr. J. W. Lippincott of No. 83 Chestnut street says: "I was troubled with a good deal with rheumatism and a pain right through my back more like a thrust of a sharp knife than anything else I can compare it to. I started using Doan's Kidney Pills sold at Crayton's drug store. Their effect was really wonderful. They drove away the pain out of both of my sides; there was not a trace of it left. I stoop at will, and lift weight, yet feel as supple as ever I felt."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

Mrs. Sophie Binns, President Young People's Christian Temperance Union, Fruitvale, Bal., Cured of Congestion and Inflammation of the Ovaries by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Eighteen months ago I was a pretty sick woman. I had felt for some months that I gradually grew weaker, but finally I had such severe pains I could hardly stand it. I had taken cold during menstruation and this developed into congestion of the ovaries and inflammation, and I could not bear to walk or stand on my feet. The doctor recommended an operation which I would not hear of. One of my friends advised me to try Lydia E. Pinkham's Vegetable Compound, so I gave it a trial. Can you imagine my feeling when within two months I felt considerably better, my general health was improved, and my pains had entirely disappeared. I kept taking it six weeks more and am now enjoying the best of health, thanks to you. Yours truly, MRS. SOPHIE BINNS."

\$5000 FORFEIT IF THE ABOVE LETTER IS NOT GENUINE.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, bines, and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

"DIRT DEFIES THE KING." THEN

SAPOLIO

IS GREATER THAN ROYALTY ITSELF.

For Sprains

Omega Oil

The right time to treat a sprain is the minute you get it. And the right remedy to use is Omega Oil. You can say what you will about this or that thing being good for a sprain, but Omega Oil beats them all.

The quicker you rub it on, and the more of it you use, the sooner the sprain will be gone. Even if Omega Oil gets you back to work one day quicker than other remedies, it will pay for itself several times, but it generally cures a sprain, strain or bruise a week before anything else, and a week's wages amounts to a good deal to most people. If your druggist doesn't sell Omega Oil, ask him to get a supply of his wholesale dealer.

Tour of All Mexico.

The American Tourist Association have arranged for a thirty-seven days trip through the Republic of Mexico, same to be made in Special Vestibule train of Pullman Sleeping, Dining and Observation Cars, to leave Cincinnati the morning of Tuesday, January 28th, 1902. This tour will put in a greater length of time in Mexico and visit more places of interest in the Republic than any other tour. An opportunity seldom offered to visit the Egypt of the New World under such favorable auspices. Tickets include all expense. A first-class tour in all respects. Write for itinerary and illustrated pamphlet. A. A. Gallagher, D. P. A., Iron Mountain Route, 405 Vine street, Cincinnati, O. SUPPER—Mar Society of St. Francis Church will give a supper at the Hotel Hamilton Thursday night, Jan. 3, 1902. All invited. 24-25.

At East Liverpool several days ago, arrived in the city this morning and is now at the home of his father, corner of North Fifth and Locust streets.

CONVENTION

OF THE INFIRMARY DIRECTORS' ASSOCIATION

Begins Today in Columbus—Some Important Questions Are to be Considered.

Today at Columbus began the 23rd annual convention of the Ohio County Infirmary Directors' Association. The meeting will last two days and be held at the Great Southern Hotel in Columbus. The meetings of this body of officials usually are of a routine nature and but little pleasure is indulged in. Papers are read and discussions arise that are of considerable practical importance to the officials and to the counties they represent. Besides, the officials become acquainted with one another and the business that may arise between counties in the particular line represented by these officials is thereby much facilitated.

The president of the association is Edward Farmer of Wood county; the secretary, T. S. Woodman, Lake county; and the treasurer Henry Tabler, Butler county. There will be an election at the coming session at which the old officers are likely to be reelected. There is a question which will be of great interest. It is "How Should Outside Relief be Administered?"

Several infirmaries matrons will be present, including Matron Kissinger, from Franklin county, and the matrons of Meigs, Wayne, Licking, Richland and Trumbull counties.

For the especial benefit and entertainment of the matrons there will be opened the question "The Practical Need of the Matrons of County Infirmaries."

One of the most vexatious questions to infirmaries directors is the care of the insane paupers too often unloaded on the county infirmary which is of all institutions least calculated and least fitted for the care of mental distress.

"Are Not the Chronic Insane Now Housed in the County Infirmaries Properly State Wards?"

The discussion will be opened by H. B. Elm of Montgomery county, who has original and practical ideas on the subject. Director Lakin, of Franklin county will take part in this discussion, and he will take the affirmative. It is his belief that if the insane and epileptic of Franklin county, he taken off the hands of the local board, they could be much more economically and humanely cared for by the state institutions. Of the 90 inmates of the Licking county infirmary, 10 are insane, requiring more care and expense than twice as many of the other classes. The question "What Are the Duties of an Infirmary Director?" will be elaborately discussed by Thomas G. Crofts, of Lucas county and Francis M. Hess of Richland county.

Mr. and Mrs. Larason, Superintendent and Matron of the Licking county infirmary, went to Columbus today to attend the meeting.

CHRONIC Colds

CATARRH AND COUGH CURED BY

Mull's Grape Tonic

The most agreeable and effective health restorer; made of grapes, fruits and herbs.

Overcomes La Grippe and its kindred ailments by destroying the disease germs. Has a soothing effect upon the throat and lungs, allays inflammation of the mucous membrane, assists nature in throwing off impurities caused by catarrhal conditions, and acts on the kidneys, liver and bowels.

One Dose Benefits One Bottle Convinces.

All up-to-date druggists carry it or will procure it for you—50c per bottle; as large as the ordinary \$1.00 size bottle. Also sent direct upon application by

THE LIGHTNING MEDICINE CO.,
Rock Island, Ill.

John J. Carroll and wife and Gilbert C. Daugherty and wife to John Gillespie, real estate in Newark, \$400.

Quo Vadis Saturday night.

CLEMENT MEDAL

Received by Adjutant General—It will be Sent to Corporal Winder Who Won at Newark.

(Columbus Citizen.)

Adjutant General Gyger has received from Captain H. C. Clements, 29th United States infantry, the medal offered by him before the last competitive shoot of the Ohio National Guard at Newark for the man making the highest score at 600 yards or more. The medal will be sent to Corporal Charles B. Winder of company D, Third regiment, Urbana, who made the highest score last summer. Hereafter the Clement medal, as it will be known, will be competed for each year. The medal is solid gold and consists of a bar on which appears a shield and two miniature regulation army bullets, suspended from the bar with gold chains, being a medal on which appears coat of arms of Ohio, in a circle outside the coat of arms appears in blue letters the words "Ohio National Guard."

On the reverse side will be engraved the name of the donor and the conditions under which it is to be retained from year to year by the best shot in the Ohio National Guard.

Mme. de Maupassant, mother of the French author, Guy de Maupassant, lives in Nice in a small house with "closed shutters," seldom sees strangers, yet any a number of her son is always assured of a warm welcome.

Quo Vadis Saturday night.

NEWARK

How Our Splendid and Popular City is
Growing and Booming.The Best Town In Ohio and She is Moving In the Right Di-
rection—Some of Principal Industries of the City and
Evidences of Her Prosperity.

As has been frequently noted in the
Advocate, the city of Newark has en-
joyed an unprecedented increase in
population, and a great building
boom for several years past. It is not
necessary now to go into a lengthy in-
quiry as to the cause of this steady
and satisfactory growth of our fine
city further than to state a few gen-
eral well known facts, all of which
naturally contribute to her growth
and prosperity.

In the first place Newark is situated
in a rich agricultural district, Licking
county being second in size in the
State and unsurpassed by any other
county in fertility of soil.

Second, the county and city is popu-
lated by an energetic, industrious,
thrifty, wide awake and highly intelli-
gent class of people.

Third, we have coal, natural gas and
other facilities for manufacturing in
our own boundaries, and large fields of
fuel, together with iron, in the imme-
diate vicinity.

Fourth, we have excellent rail-
road facilities, having the two big
trunk lines, the Baltimore and Ohio
and the Pan Handle, with their nu-
merous dependencies, and also the T
& O. C. railroad, with its important
connections. The B. & O. alone pays
out in Newark each month \$130,000 or
more.

All these facts, with the good gov-
ernment of the county and city, the
economy in public expenditures, and
last but not least, the energetic patri-
otic Board of Trade of Newark, have
combined to make Newark an impor-
tant manufacturing point. In the last
decade Newark has secured a dozen
or more valuable and important man-
ufacturing plants of various kinds, in
addition to those already had, and all
indications point to the fact that man-
y more manufacturing will come and lo-
cate in Newark in the not distant fu-
ture, while those already here are go-
ing to be greatly enlarged.

To begin with, Newark is the seat
of the Baltimore and Ohio shops, and
is the headquarters for the officers of
the Trans-Ohio divisions. Then there
are the old and well known Thomas
foundry for manufacturing steel in-
gots, the Moser, Wehrle company
stove foundry, the Scheidler Machine
Works, the Swisher Cigar Factory,
the McNamara Engine Works, the
mammoth Everett glass works which
has been greatly enlarged in the last
decade.

Among the large manufacturing en-
terprises of Newark that have been
established here within the last ten
years may be mentioned the large
Heisey glass works, manufacturers of
table ware, the Newark Machine
Works, The Consumers Brewing com-
pany, The Jewett Car Works, The
Newark Iron and Steel Works, The
Fie Hard Wood Works, The Newark
Gear Wood company, The Newark

Paper Mill, Pratt & Montgomery's
Planing Mill, The Wyeth Oil Tank
Works, The Ruggs Halter factory,
Bailey & Keeley, manufacturers of hot
air furnaces, &c., the Tucker Manu-
facturing company, and many others.

The cigar manufacturing industry
of Newark, forms no inconsiderable
part of Newark's industry. Due credit
should also be given to the various
Building Associations of Newark, and
the banks of the city, and also the
hustling real estate agents of the city
for greatly extending and promoting
her growth. Newark now has five
building associations now has five
banks with a new bank promised in
the spring.

The coming of the numerous man-
ufacturing establishments to Newark
within the past few years has, of
course, brought a large number of
working men with their families to
become residents of the city, and this
has necessitated the building of nu-
merous houses as homes for the large
army of Newark's citizen residents. So
great has been this increase in our
city's population and so large the de-
mand that has occasioned for new
houses that if our readers will take
the pains to take a drive in any di-
rection, north, south, east or west
through the city, they can easily ver-
ify the foregoing statements by see-
ing the large number of comfortable
homes, with all the modern conven-
iences, that have sprung up like magic
in every quarter of the city. In addi-
tion to this a large number of our
wealthy citizens in the last few years
have erected commodious and palat-
ial homes in various parts of the
city, more especially on North Third
street, that gives to Newark a metro-
politan appearance. Added to this
and all the other metropolitan features
that Newark already possesses in the
way of the Newark and Granville
street railroad, water works, electric
lights, one of the largest and finest
theatres in the state, the new Colum-
bus, Buckeye Lake and Newark Traction
railway, and the projected road
from Newark to Mt. Vernon with the
other electric roads that are talked of
for Newark, and the North Third
street Automobile service, it will be
readily seen that Newark possesses all
the metropolitan advantages, and with
the rapid growth that seems to be
guaranteed in the near future, will
soon outstrip all neighboring cities of
similar size, and will become the rival
and peer of the larger cities of the
State.

Five hundred new houses were built
in Newark during the past year and
hundreds are projected for the com-
ing season. Builders say that a num-
ber of fine residences will be built this
season.

Newark is moving right to the
front. If you can't help her move for-
ward, don't pull in the wrong direc-
tion.

Advocate Puzzle Picture.

FIND THE PERSON SIGNALED.

SLIPPED

AND FELL 20 FEET BREAKING
HER LEFT ARM.Mrs. Rhinehart Hess Who Lives Just
West of Newark Badly Hurt on
Tuesday Morning.

Mrs. Elizabeth Hess, wife of Mr.
Rhinehart Hess, who lives on the
Scheidler farm, one mile west of the
city, in the Cherry Valley, had the
misfortune to meet with a very pain-
ful and peculiar accident Tuesday
morning. She was engaged in clean-
ing the upper rooms of the house,
when a milk man stopped in front of
the house and her son ran out to meet
him. Mrs. Hess, who desired to say
something to her son, went out on to
the porch on the second floor, and
leaning over the banisters, commene-
ed talking to him, when she slipped
on the snow and fell over the banis-
ters to the ground beneath a distance
of about twenty feet. In striking the
ground her left arm broke above the
wrist, and she was otherwise injured
although not seriously. A physician
was called who reduced the fracture,
and at this writing Mrs. Hess is rest-
ing easy, and no serious results are an-
ticipated.

FAIR NURSE

Became the Bride of Her First Pa-
tient—A Romance at Leadville,
Colorado.

Bellefontaine, O., Jan. 21.—Miss Eliz-
abeth Yessel was the maiden name of
a popular Bellefontaine young lady,
whose marriage to William Nelson, al-
so of Bellefontaine, was a society
event of several years ago. The di-
vorce suit filed by Mr. Nelson a year
ago was of a very sensational nature,
and although the charges were serious
the matter was soon quieted by
friends, and Mrs. Nelson made no de-
fense to her husband's application for
divorce.

Last fall Mrs. Nelson went to Salida
Colo., to act as nurse in a hospital
there and her first case was that of
W. W. Remley, a wealthy mine owner
of Leadville, Colo. This attention of
nurse to patient developed into a ro-
mance, for now the news comes to
Bellefontaine that Mrs. Nelson has be-
come Mrs. Remley.

Farmer Assaulted

Freemont, O., Jan. 21.—Returning
from a spelling school last night Clyde
Heberling, a young farmer, was set
upon by highwaymen and was robbed
of \$300 and a gold watch. He ex-
changed shots with the robbers and he
was seriously wounded by a ball from one
of the robbers' pistol.

SNOW

Which Fell Tuesday Affording a Pret-
ty Sight Was a Surprise—It
Melted Rapidly.

People of Newark generally were
surprised Tuesday morning upon
awakening to find the ground covered
with snow. Trees and shrubs were
filled with clinging snow presenting
a beautiful picture. There was little
evidence of a snow storm at midnight
and people who were on the street
say it was nearly four o'clock before
the snow began to fall. By seven the
snow was nearly three inches deep.
The storm continued until about ten
o'clock and then the snow began to
melt. In the afternoon, however, an-
other snow storm arrived.

The street car company, not expect-
ing a snow storm had no gang of men
out to keep the tracks clear and in
consequence there was considerable
delay in getting the street cars in ser-
vice this morning, but by eight o'clock
cars were running on schedule time.

Manager Mills of the new Third
street Automobile line was smiling
Tuesday as the storm had proved that
the electric coaches ploughed through
the snow just as well as they skim
along the smooth paved streets. There
was but one slight interruption in the
service, and that about noon, when
the power in one of the coaches was
exhausted in the North End. Mr. Mills
thinks by tomorrow his new men will
have had sufficient experience in op-
erating to take out Coach No. 2 and
as soon as this coach is put in service
a 15 minute schedule will be adopted,
cars running from 7 a. m. to midnight.
One coach, however, will be taken off
at 9 p. m.

Any woman can entertain a suspi-
cion.

BILLY STIFT

Slapped to Sleep in Bout at Louisville
With Marvin Hart in the
Third Round.

Louisville, Jan. 21.—Marvin Hart of
Louisville knocked out Billy Stift of
Chicago in the third round of a sched-
uled 20-round contest, at Music hall.
The men fought at catch weights un-
der straight Marquis of Queensberry
rules, and Hart had the advantage of
his opponent both in height and reach.
In the second round, after a number
of clinches, Hart landed hard on
Stift's stomach and Stift retaliated
with two hard lefts on the jaw. Both
fighters started in to mix things up
in the third round, and after several
clinches Hart landed a hard left on
Stift's jaw, knocking him down and
forcing him to take the count. Stift
barely had time to regain his feet
when Hart put in a right hook to the
point of the jaw and the Chicago
boy went down and out.

Request of Negroes.

New Orleans, Jan. 21.—At a meeting
of representative colored citizens a
memorial to President Roosevelt was
adopted requesting him to appoint a
representative colored man as naval
officer at this port to fill the existing
vacancy caused by the death of Hon.
John Weber. The president is urged
not to depart from the traditions of
the party with reference to the posi-
tions of naval officer here, a colored
man having held it under all Repub-
lican administrations from the time
of President Grant to the present.

Restitution of Loot.

Washington, Jan. 21.—The president
signed a government check for \$376,
000, which represents the money cap-
tured by the marines of the United
States navy at Tien Tsin during the
Boxer troubles in China. The money
belonged to the Chinese government
and has since been on deposit in the
treasury. The check will be given to
Minister Wu for transmission to the
Chinese government.

Prince Henry's Program.

Berlin, Jan. 21.—Admiral Prince
Henry of Prussia, while in the United
States, will visit Chicago, Milwaukee,
Niagara Falls and Boston. These
points are embraced in the itinerary
which has been cabled here by Dr.
Von Helleben, the German ambas-
sador at Washington. This program was
submitted to Emperor William and
Prince Henry and has been approved
by them.

Brigands Accept.

Constantinople, Jan. 21.—The United
States minister, John G. A. Leish-
man, says the brigands who abducted
Miss Ellen M. Stone and Mme. Tsilka
Sept. 3, have agreed to accept the
amount of the ransom raised by sub-
scription. The place of payment is
now the only question to be settled.

Disastrous Fire.

Shanghai, Jan. 21.—A disastrous and
fatal fire is reported from Canton.
where several hundred houses have
been destroyed and a large number of
lives lost, some reports say 200.

FELL TWENTY FEET

Bridge Carpenter Had a Severe Ac-
cident on C. B. L. & N. Line.

(Columbus Dispatch.)

Robert Henry, aged 37, was serious-
ly injured early Monday morning in
falling from the bridge of the C. B.
L. & N. Traction company across
Alum creek.

He is a bridge carpenter and was
assisting in placing a number of heavy
timbers in position.

One of the timbers suddenly rolled
under him, throwing him off the
bridge, a distance of 20 feet. He
struck on the frozen ground on his
face and right knee. His face was
badly bruised and his right knee was
lacerated. He was rendered uncon-
scious and it was first thought he was
killed.

The patrol wagon with Coroner
Lindsay was sent on a hurry run. The
man was revived and taken to St.
Francis hospital. Henry is a single
man rooming and boarding at 1554
East Main street. His home is near
Chillicothe. He is not dangerously
hurt.

NOW IS THE TIME

Seasons change. We can't
change them. We can't pre-
vent the coming of cold and
damp airs.

But we can prevent the sore
throats, the coughs, colds and
lung troubles by taking Scott's
Emulsion. Nothing does more
to make the tender throat
tough. Nothing gives such
strength to weak lungs.

Don't take risks—when it's
easy to be safe. Now is the
season for taking Scott's
Emulsion in season.

We'll send you a little free sample of
SCOTT'S EMULSION, 409 Pearl Street, New York.

BEHIND BARS

Languishes Cashier of Montana Na-
tional Bank—Held on Charge of
Embezzlement.

Helena, Mon., Jan. 21.—Herbert H.
Matteson, cashier of First National
bank of Great Falls, was arrested here
on a warrant issued by United States
Commissioner Russel, at the request
of District Attorney Rodgers, who
charged him with embezzling \$25,000
of the bank's funds on Jan. 15. Mat-
teson, it is said, confessed to the dis-
trict attorney that he was guilty. He
waived examination and was bound
over to await the action of the federal
grand jury, bail being fixed at \$5,000.
As he was unable to furnish this
amount, he is now a prisoner in the
county jail. It is understood that Mat-
teson's defalcation amounts to much
more than the sum named in the com-
plaint. The officer who accompanied
Matteson to Helena said it is believed
the total amount he is alleged to be
short would reach \$175,000.

Shooting and Lynching.

Senatobia, Miss., Jan. 21.—A. C.
Moon, a planter near Strayhorn, Miss.,
was shot by Sam Bowie, a negro plan-
ter and schoolteacher. Bowie surren-
dered and W. H. Scroggins and H. Coe
were deputized to bring him to Sena-
tobia. When in the Arkabutla bottom,
a few miles from town, the prisoner
and the officers were surrounded and
ordered to give up their guns. The
prisoner was shot to death and the
mob vanished. Moon is in a critical
condition. Bowie was prominent
among the members of his race. The
cause of the killing has not developed.

Mysterious Shooting.

San Antonio, Tex., Jan. 21.—Frank
Cresswell, a prominent young lawyer,
was shot at the city hall and is now
lying in a critical condition at his
home. A pistol with one chamber dis-
charged was found on the floor near
him. City Marshal Van Ryper, who
has investigated the case, says that
Cresswell was shot by an unknown
person.

A Bloody Fight.

South McAlester, I. T., Jan. 21.—
Wall Mingle died from a bullet
wound received in a fight at a dance
in Wilburton, a mining town near
here. Before Mingle was shot he had
fatally wounded William Strong with
an ax, chopping off Strong's leg and
gashing his head.

Counterfeit money that is passed is
not a thing of the past.

THE SECRET OF LONG LIFE.

Consists in keeping all the main
organs of the body in healthy, regu-
lar action, and in quickly destroying
deadly disease germs. Electric Bit-
ters regulate Stomach, Liver and Kid-
neys, purify the blood, and give a
splendid appetite. They work wonders
in curing Kidney Troubles, Female
Complaints, Nervous Diseases, Consti-
pation, Dyspepsia, and Malaria. Vigor
and health and strength always fol-
low their use. Only 50c, guaranteed
by F. D. Hall, druggist.

MUNICIPAL LEAGUE.

The League of Ohio Municipalities
will hold an interesting session in Co-
lumbus February 4 to 6 inclusive. The
deliberations of this session will have
a large influence on pending munic-
ipal legislation in the state assembly,
and will also foreshadow largely the
prominent municipal matters must
assume in future in Ohio.

KNIFE BLADE

That Bore Some Virulent Poison, Al-
most Killed the Man Who
Found It.

Vincennes, Ind., Jan. 21.—Some time
ago Richard Bouchie, a farmer, found
a handsome penknife and thinking
the owner might call for it laid it
away. A month later having occasion
to incise the ears of some hogs, he
pressed it into service, with the result
that 10 of the animals died. He could
not account for their deaths, and two
weeks ago again used the knife with
the same results.

Last week he accidentally cut a
small gash in his arm and the next
morning that member was swollen to
twice its natural size, but prompt
medical attention saved it. It was
then that he thought of the knife, and
he and his physician believe it to be
inoculated with virulent poison and
probably lost by a tramp. The weap-
on was burned.

BROOKLYN.

Sunday school was held here Sun-
day afternoon at 2:30 o'clock.
There was no preaching on Sunday
evening on account of the minister
holding protracted meeting in St.
Louisville.

Mrs. Joseph Bradfield of West Car-
le is visiting her sister, Mrs. John
Anderson.

A new dairy has been added to the
business interests of this place.

Miss Myrtle Seymour is spending
the week with her aunt, Mrs. Joseph
Seymour.

Our school is progressing very nice-
ly.

Mrs. D. G. Baughman visited Mrs.
John Anderson and Mrs. Joseph Brad-
field Wednesday afternoon.

Isaac Anderson of Nickel Valley,
spent a portion of the week with his
son, John at his home in this place.

Mme Oatman Olivia, a Buddhist
priestess of Calcutta, India, is visiting
in Cincinnati. She recently finished
a revision of simplification of the
Buddhist Bible, and has put it into
such shape that it is readily compre-
hended by the general reader.

McClure's

ARE you interested in your fellows? Are you concerned in the affairs of life? Do you care anything about the great men who have brought about the conditions in which you live, and those who are in power to-day? Do you enjoy wholesome, animated stories that are true to life? Do you care for beauty in any form? Then there is no escape for you; you must join the army who read McClure's regularly.

A FEW FEATURES FOR 1902

New Romantic Love Story by BOOTH TARKINGTON. author of "The Gentleman from Indiana" and "Monsieur Beaucaire," a tale of love thwarted but triumphant, of gallant men and beautiful women. It deals with life in Indiana at the time of the Mexican War.

True Story of the Standard Oil. By IDA M. TARBELL, author of "Life of Napoleon," "Life of Lincoln," etc. A dramatic, human story of the first and still the greatest of all trusts—not an economic treatise, but an exciting history.

Greatest of the Old Masters. By JOHN LA FARGE. Interesting and helpful papers on Michelangelo, Raphael, Rembrandt, etc., their finest pictures reproduced in this.

Mr. Dooley on His Travels. His views upon the typical New Yorker, Philadelphian, Bostonian, and inhabitant of Chicago and Washington.

William Allen White on Tillman. Platt, Cleveland and others.

Clara Morris's Stage Recollections. Stories of Salvini, Bernhardt, Mrs. Siddons and others.

A Battle of Millionaires. By the author of "Wall Street Stories," "The Forest Runner," Serial Tale of the Michigan Woods.

Josephine Dodge DeKam. More Child Stories.

Emmy Lou Stories by GEORGE MADDEN MARTIN.

Illustrated prospectus, describing in full many other features, sent free to any address. S. S. McCLURE CO., 141-155 East 23rd Street, New York, N. Y.

ONE DOLLAR A YEAR
But at any price THE BEST

NEVER IMITATED

QUALITY

AN EXCELLENT COMBINATION

The pleasant method and beneficial effects of the well known remedy, Syrup of Figs, manufactured by the California Fig Syrup Co., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is the one perfect strengthening laxative, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing the same are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the California Fig Syrup Co. only. In order to get its beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

ENGLAND KEPT OUT

EUROPEAN INTERVENTION IN SPANISH WAR.

Reply to a Query in Parliament—Chamberlain Justifies His Policy in South Africa.

London, Jan. 21.—In the house of commons Lord Cranborne, undersecretary for foreign affairs, replying to Henry Norman (Liberal), said that before the American Spanish war the British government agreed to join in a note to the president of the United States expressing the hope that further negotiations would result in a peaceful settlement, but the government declined to associate itself with subsequent proposals (transmitted by Austrian government) which seemed to be open to the objection of putting pressure on the government of the United States.

The first important debate of this session of the parliament began in the house of commons on an amendment to the address in reply to the speech from the throne. While the amendment constituted a recognized part of the opposition program, it was not supported by a single front bench. The debate, however, called out Mr. Chamberlain, the colonial secretary, who spoke vigorously in defense of the Boer war. He made the significant statement that if, as Lord Rosebery's speech intimated, the Boers believed they could at any time secure a repetition of Lord Kitchener's terms, he wished to inform them they were mistaken. Mr. Chamberlain added, however, the government's plan was not one of extermination. The Boers, he said, had already been offered terms the liberality of which surprised even England's most severe critics. Since they had been rejected, the government did not propose to embarrass itself with a further specific offer, and certainly would not withdraw the proclamation of Aug. 7, 1901. It would not propose any general confiscation of property.

Mr. Chamberlain said that the magnanimous treatment of the soldiers of the Confederacy had been upheld as an example, and it had been suggested that the course of the United States in that matter should be followed in South Africa. "I am willing to accept the parallel," said the colonial secretary. "While the lives of the soldiers were spared, no political conditions were given the Confederates, while their property was confiscated on a tremendous scale. I see no reason whatever to believe that an unconditional surrender would permanently alienate a conquered people. It did not in the case of the United States."

Attitude of France.
Paris, Jan. 21.—The session of the chamber of deputies was devoted to interpellations concerning the attitude of France on the Armenian question and the Transvaal war. The chamber unanimously approved the declarations of M. Delcasse, minister of foreign affairs. Several statesmen urged the French government to bring about intervention in South Africa, Abbe Lemire (Christian Socialist) saying: "We made the United States free, let us make the Boers free also." M. Delcasse, replying, said France was willing to invoke arbitration when certain that the offer would be accepted, but that nothing had happened during the Transvaal war to indicate that an offer of mediation would be favorably received. If such an offer were rejected, continued the minister of foreign affairs, it would be necessary to impose mediation, which would have made war inevitable. "We are, therefore, obliged to refrain," said M. Delcasse, "whatever may be our sympathies professed for that courageous people."

Tax on Tea and Beer.
Washington, Jan. 21.—The Republican members of the ways and means committee decided to begin consideration of the bill reducing the war revenue taxes, and after a conference, attended by all of the Republican members of the committee, Chairman Payne gave out the following statement: "The Republican members of the committee on ways and means have taken up the subject of war revenue. They decided to have a hearing before the full committee on Monday, Jan. 27, on the question respecting the duty on tea and the war revenue taxes upon beer. They will hear the people interested in the subject of the duty on tea at 10 a. m. and those interested in the subject of taxation of beer at 2 p. m. There will be no other hearings."

Kern Identified.
New York, Jan. 21.—Extradition papers for Kern, who is under arrest at New Orleans for the theft of jewelry from the residence of Paul C. Thebaud of this city, are being prepared. Captain Titus of the detective force says no reward has been offered for the arrest of Kern, although Mr. Thebaud was about to make such an offer, when most of the stolen jewels were found here. T. E. Manners has been identified by Mr. Thebaud at New Orleans as his valet, Edward Kern, Jr., and also all the jewelry found on him.

Chattanooga Accepts.
Chattanooga, Jan. 21.—The city council of Chattanooga voted to accept the proposition of Andrew Carnegie to give \$50,000 to establish a library here, providing the city would expend \$5,000 annually in its maintenance. A site will be selected and the funds be made available for use at once.

CITY COUNCIL

MET IN REGULAR SESSION ON MONDAY EVENING.

Ordinances Read the Second Time—Short Meeting—Municipal Convention in Columbus.

The City Council met in regular session Monday night with Members Brand, Deardurff, Jones, Lamb, Linn, Fromholtz, Matticks, Phillips, Roessel, Shaw, Smith, Steffen, Spees, President Roessel presiding.

The minutes of the preceding meeting were read and approved.

The water committee recommended that the water mains be extended on West Church street; received and filed.

A petition was read from eight property owners on Elm street asking that the cost of the sewer on said street be reassessed as said sewer did not benefit their property; referred to the sewer committee.

An ordinance was read for the second time making the office of Chief of the Fire Department one to be filled by the City Council, instead of being elected by the people.

CITY COUNCIL

MET IN REGULAR SESSION ON MONDAY EVENING.

Ordinances Read the Second Time—Short Meeting—Municipal Convention in Columbus.

The City Council met in regular session Monday night with Members Brand, Deardurff, Jones, Lamb, Linn, Fromholtz, Matticks, Phillips, Roessel, Shaw, Smith, Steffen, Spees, President Roessel presiding.

The minutes of the preceding meeting were read and approved.

The water committee recommended that the water mains be extended on West Church street; received and filed.

A petition was read from eight property owners on Elm street asking that the cost of the sewer on said street be reassessed as said sewer did not benefit their property; referred to the sewer committee.

An ordinance was read for the second time making the office of Chief of the Fire Department one to be filled by the City Council, instead of being elected by the people.

An ordinance was read for the first time, making the office of Superintendent of the Electric Light Plant one to be filled by the Council, instead of electing said superintendent by a vote of the people.

An ordinance was passed under a suspension of the rules that \$300 be appropriated to pay L. E. Chapin of Canton, his first estimate of the \$1200 due him for drawing up plans and specifications for a new water works system.

Civil Engineer Roemer reported that many people tapped the sewers without permission or paying the required fee, while in one case a property owner named Brant outside the corporation had tapped the North Third street, tunneling a distance of 8 or 10 feet to reach the sewer. It was the sense of the Council that this sewer connection be discontinued, by the Civil Engineer and sewer inspector, the connection with the city sewer being stopped up with cement.

Another case was that of the tapping of a sewer on Cedar street by George Bader, agent of the Hoster Brewing company, who paid a fee of \$10 which is for residence connection, whereas the said connection was for a business room, or saloon, the fee in this case being \$20.00. This matter was referred to the sewer committee and solicitor who will endeavor to settle the matter.

Mr. Lamb—That the connection of Mr. Brandt with the North Third street sewer be discontinued at once; adopted.

Mr. Fromholtz—That three barrels of blue stone be purchased for the fire department and that the Chief be instructed to order same at a cost not to exceed 6c per pound, adopted.

Mr. Spees—That an electric light be placed at the corner of Leroy and Beech streets; adopted.

Mr. Lamb—That Council and city officials attend the convention of the League of Ohio Municipalities to be held in Columbus February 4, 5 and 6, and that the expense of said trip be paid by the city; adopted.

Mr. Fromholtz—That an electric light be placed on Wing street; adopted.

Mr. Lamb—That Civil Engineer establish a grade on Elm street from Locust street to Log Pond run; adopted.

Adjourned.

Fire Alarms.

An alarm of fire about 7 o'clock on Monday night from box 24 called the department to Scheidler's shops, where the platform around the cupola was on fire. It was extinguished with slight loss.

An alarm of fire from box 31 at 8:37 o'clock Monday night called the central department to the residence of John Wintermute on North Third street. The fire was caused from a defect in the construction of the grate. Underneath the tile, there had been placed layers of cement and sand, under the sand being wood. The heat had gone through these layers and set the wood on fire, and the firemen had considerable difficulty in getting at it. The loss by fire was nominal, but the grate will have to be rebuilt.

Fresh fish, oysters (select, standard) received daily. Newark Market Company, 8 South Fourth street. 1-20-2t

MEN'S \$5 Shoes AT \$4.19

THE SAMPLE SHOE STORE

That's quite a reduction to make on an up-to-date shoe, but it's exactly what we are doing during our annual clearance sale. These shoes include some of the latest novelties in

Golf, Patent and Enamel Leathers.

have hand-welted soles—in fact they are as good as could be desired. We have them in heavy weights suitable for street wear and also light weights for evening wear. All our other men's shoes go at similar reductions, and considering the fact that they are all new goods and standard makes, it is certainly a rare money-saving opportunity.

The Sample Shoe Store

BONDS STOLEN

FROM RESIDENCE OF JONAS M. McCUNE IN COLUMBUS.

Safe Broken Into and Valuable Papers Were Stolen—Father of Mr. John P. McCune.

One of the most mysterious burglaries that have baffled the police of Columbus occurred Monday when government bonds in the sum of \$18,000 were stolen from the residence of Jonas M. McCune, of 140 Woodland avenue, Columbus.

Mr. McCune is a retired business man of considerable wealth. The valuables stolen from him were kept in a small safe in one of the downstairs rooms of his residence. When he arose he found the safe door open and the contents gone.

Besides the bonds the robbers secured his will, deeds and notes and other papers that he valued highly. The robbers gained entrance through a kitchen window, which they pried open. After entering the house, they closed all the doors leading to the sleeping rooms, so that they could continue their work undisturbed. They did not touch anything else except a pair of spectacles.

It is presumed the burglars thought Mr. McCune had a large sum of money in his safe. He recently made some large collections, but he had banked the money. The police have been working on the case all day, but have found no clue. Neighbors say that after three o'clock on Monday they saw lights in the room where the safe was kept and thought members of the McCune household were moving about.

Mr. McCune is the father of Mr. John P. McCune, president of the Machine Works of Newark.

Rev. Carl Doney.

The State Journal contains the following regarding Rev. Carl Doney, formerly pastor of the Methodist church at Granville, and who is well known in Newark.

"Some very good thoughts and worthy precepts were set forth by Rev. Carl Doney in a strong, short and able talk on 'True Greatness,' made to the large number of men in attendance Sunday afternoon at the weekly men's meet of the Y. M. C. A."

"Rev. Mr. Doney is the pastor of the King avenue Methodist church, and is himself a young man, and his address Sunday revealed how truly he is in sympathy with and comprehends the things which daily become ambitions and problems of the young man. From the basic statement that all greatness is, in a certain sense, relative, he led his audience Sunday afternoon to a consideration of what qualities are universally present in the really great man."

NOTICE—The members, and those who desire to become charter members of the American Protective Union, are requested to attend the meeting on Tuesday, January 21, at 7:30 p. m., at K. of P. Hall, Anker building. Be sure to come, a good time is assured. 20-2t

BY PHONE

Insulted Woman Called Her Husband and He Beat the Syrians Nearly to Death.

Defiance, O., Jan. 21.—Two Syrians, Nicholas and Cyeth Boshop were nearly lynched by infuriated citizens of North Defiance for attempted criminal assault. The men appeared at the house of Frank Murphy and insulted his wife. She was alone, and escaping into her home, called her husband by phone. The Syrians left, but later returned and renewed their abuses, laying hands on the lady. Neighbors summoned the police but Mr. Murphy returned first and caught the intruders. With a large club he attacked the men. Cyeth's jaw was broken and knocked out of place. Nicholas was clubbed into insensibility and would probably have been killed had not the police arrived. Several children were also the victims of the attempted abuse. The Syrians are in jail.

NEW CENTURY COMFORT.

Millions are daily finding a world of comfort in Bucklen's Arnica Salve. It kills pain from Burns, Scalds, Cuts, Bruises, contusions, Ulcers, and Fever Sores; cures Eruptions, Salt Rheum, Boils, and Felons; removes Corns and Warts. Best Pile cure on earth. Only 25c at Hall's drug store.

Burned to Death.

Cumberland, Md., Jan. 20.—Mrs. Joseph Marshall of Sancho, W. Va., on her way home from the store, with a bottle of illuminating oil stopped at a neighbor's for rest. She sat in front of a roaring open fire with the oil in her lap. The bottle exploded and she was enveloped in an instant in a sheet of flame that reached to the ceiling. Death soon ensued.

Wedding Anniversary.

Mr. and Mrs. W. H. Smith of No. 54 Leroy street celebrated their eighth wedding anniversary Saturday evening, January 18th, 1902. The guests present were Mr. and Mrs. Frank Garrison, Mr. and Mrs. Will Cramer, Mr. and Mrs. Harry Santee, Mr. and Mrs. John Maxwell, Mr. and Mrs. Frank Place, Mr. and Mrs. Will Miller, Mr. and Mrs. Edward Fox, Mr. and Mrs. Whitehead. Mr. and Mrs. Smith were the recipients of some very elaborate presents.

Circulator

PETITION

Expressing Sympathy With the Boers
Bearing 212,000 Signatures Arrives in Washington.

Washington, Jan. 21.—Former Assistant Secretary of the Interior Webster Davis is here today with a petition of 212,000 signatures expressing sympathy for the Boers. This proposition will be presented to Congress with a resolution by a committee composed of Mr. Davis, ex-Speaker Thomas B. Reed, Bourke Cockran and Gov. Yates of Illinois. "I feel confident," said Mr. Davis today, "that Congress will not dare to turn down the resolution when the members of Congress learn, as they soon will, that the people of this country are in sympathy with the Boers."

Cora E. Clark has been appointed administratrix of the estate of Elizabeth Clark, deceased of Washington township. Bond, \$5,800.

FUNERAL.—The funeral of James A. Tabler took place this afternoon at 2 o'clock from his late home on Patasala street under the auspices of the Masonic fraternity. The services were conducted by the Rev. A. E. Johnson.

The Commissioners have appointed J. T. Harris, Henry Clay Miller and E. P. Rugg as the members of the Soldiers' Relief Committee of Harrison township.

At 2 p. m. a motor in East Newark struck Thos. Palmer's buggy. Mr. Palmer who lives in Madison township was painfully hurt.

No. Maude, dear, there is no reason why a temperance woman should not wear corkscrew curls.

Dynamite Exploded.

Cleveland, Jan. 21.—Fifty sticks of dynamite exploded with terrific force near Bedford, a suburb, where a gang of men were making a new fill on the Cleveland and Pittsburgh railroad, resulting in the fatal injury of three men. Michael Skelady, a laborer, had both legs blown off. He is dead. Michael Barons may also die from his injuries. George Suloki was terribly burned. All the men are Italians.

May Have Been Insane.

Cincinnati, Jan. 21.—Anne Lagge, the girl who asphyxiated herself after hanging the 4-year-old invalid boy of W. H. Whittaker, an attorney, is still unconscious at the hospital. Physicians do not believe they can save her life, but say there is a remote chance that she may recover consciousness before death. Meantime no motive for the awful crime can be found except insanity.

"Peace" For Hanna.

Cleveland, Jan. 21.—Senator M. A. Hanna was presented a magnificent, full-sized statue of "Peace" by a number of his friends in this city. The movement to present Mr. Hanna the statue was inaugurated shortly after the conference last year by representatives of capital and labor in New York, in which Mr. Hanna took a prominent part in the interest of peace.

Interurban Lines Combine.

Cleveland, Jan. 21.—At a joint meeting of the directors of three interurban electric railway lines, known as the Cleveland and Eastern, Cleveland and Chagrin Falls and Chagrin Falls and Eastern railways, it was decided to merge the properties into one company. The new title will be the Eastern Ohio Traction company. The capital will be \$2,500,000.

ENROLLMENT IN THE SCHOOLS
EXCEEDS 3000.

County Board of Examiners Grant
Certificates—A Janitor Elected.
Bills are Allowed.

The Board of Education met Monday night, in regular session with Messrs. Beatty, Fulton, Hoover, Stasel, Haight, Henderson and Keller being present. Vice President Haight presiding.

Bills amounting to \$21.80 were allowed.

Superintendent Townsend made a report showing the number of pupils enrolled in each room and building, aggregating 3175 as the total enrollment, and 2912 as the monthly average enrollment.

Mr. Townsend also made a report as Clerk of the City Board of Examiners showing that certificates were issued to the following applicants at the December examination: Rose Puga, three years; Florence Campbell, three years; Della Cochran, three years; Erle Baugher, two years; Mrs. Martha Sininger, five years, renewed; Eliza Beth Watkins, three years.

On motion Prof. E. F. Appy was authorized to turn the High school piano.

Mrs. Nellie Wilkinson was elected janitress of the Texas building to succeed Mrs. Lora Lautenslager, deceased.

Gloster—John Ryan of Burr Oak was killed by a fall of slate in Burr Oak mine.

Welch-McCann Wedding.

Mr. James Welsh and Miss Lillian McCann, both of this city, were married this morning at 10 o'clock. The ceremony was performed by Squire Atcherly in the Probate Court room, in the presence of several attaches of the Court House. They have the best wishes of all their friends.

Splendid Showing.

The committee appointed to examine the semi-annual report of Secretary J. F. Lingafelter of the Homestead Building and Savings company, met on Monday evening and examined the report. They found the report of Secretary Lingafelter a model of neatness and accuracy. According to the report the company makes an excellent showing for the past six months, and a dividend of 2 and 7-10 per cent was declared for that time. The stockholders of the association will meet this evening for the purpose of electing officers for the ensuing year.

FINDS WAY TO LIVE LONG.

The startling announcement of a discovery that will surely lengthen life is made by editor O. H. Downey of Churubusco, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. It is invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and sure certain." Hall's drug store guarantees every 50c and \$1.00 bottle, and five trial bottles free.

If you tire of Buckwheat, try Mrs. Austin's famous Buckwheat Flour for change; made from the best cereals.

LINEHAN BROS.

SECRETARY

OF COUNTY SUNDAY SCHOOL
ASSOCIATION.

Addresses a Letter to the Sunday
School Workers of Licking Co.
as Follows.

The work of our County Sunday School Association is in a fairly prosperous condition. There are many things that give us encouragement, while on the other hand there are some discouraging features.

We are glad to know that some of our workers have been up and doing and as a result we had paid to the state work \$42.82 up to December 27, leaving \$44.18 still due on our apportionment. At this time last year we had not paid one cent to state work.

The larger part of this amount has been contributed by sustaining members to the Ohio Sunday School Association, as very few of our schools have taken their annual offerings for county and state work. In addition to the above there has been paid in by township associations \$24.07. There has been paid out for county expenses up to January 18, \$36.48.

This shows that our receipts have not been sufficient to meet expenses, and leads us to ask that our schools prepare to make their annual offerings as soon as possible and that our township associations make as liberal offerings as they are able for county expenses.

The affairs of the association are being watched closely and no more money than is absolutely necessary is being expended.

It was estimated in the beginning of the year that \$300 would be necessary to carry on the work as it should be done and pay our county apportionment to state work. We believe our workers can make up the amount.

Township Conventions.

There have been held since June 1, twenty conventions and workers' meetings. County workers have attended a number and one state worker some of these meetings. Thus it will be seen that the county executive committee is doing what it can to carry out the idea and purpose of the county association.

The following townships have held meetings, some one, others more:

Hartford, Harrison, Fallsbury, Madison, Mary Ann, Eden, Liberty, Bennington, Union, Monroe, Burlington, Washington, Newton, M. Cranville.

The S. E. Licking County Sunday School Convention has held one meeting. There are eight townships which have held no meetings. St. Albans, Licking, Perry, Newark, Hanover, Elma, Jersey and Lima.

We urge the officers in each township to arrange for a good convention this spring.

The County Convention.

The Granville Sunday School Association in its convention Sunday afternoon, January 12, voted a hearty invitation to the County Association to hold its annual meeting in Granville this spring. The invitation will be accepted and all workers are asked to make ready to attend the best county convention ever held by our association.

Normal Work.

We had hoped that Licking might take the state normal banner this year, and it would if we had a number of such enthusiastic workers as some of our normal class leaders are. Our vice president, Brother J. H. McCarty is doing good work at Perryton. Prof. W. A. Chamberlin has a good class at Granville again this year. Other good leaders are Miss Billman of Rocky Fork, who did such excellent work last year. Brother E. K. Morrow of Outville, Brother T. N. Madden and Brother O. B. Pendleton, of Hebron. Mrs. Hoover of Concord, and others.

There are a number of individual students who are doing well. Licking county can win the normal banner in state work if our leaders with their classes will push forward with the work. Let us do, fellow workers.

Yours for success.

WILSON A. HOLMES.

Granville, O.

Everybody likes Consumers' Beer.

Have you tried it?

Finlay—Cora B. O'Neil sued E. V. Wyssbrod & Co. for \$10,000. A short time ago her husband was killed by a boiler explosion on the Wyssbrod oil lease.

FIERCE

Was the Encounter Between Fleets
of the Colombian Government
and the Rebels.

Panama, Jan. 21.—It is stated today that the rebels will not immediately renew the naval battle of yesterday which ended in a draw. United States sailors from the cruiser Philadelphia worked heroically to save the government steamer Lautaro from the flames but she had to be abandoned and sank. The citizens of Panama watched the fight from safe places.

Panama, Jan. 21.—It is reliably reported that two government and three insurgent vessels were sunk in the fierce naval battle that occurred in the harbor of Panama. The revolutionary fleet consisted of the steamers Padilla, Darien and Gaitan, which tried to force a landing off Sacana. The government ships were the Chilean line steamer Lautaro, the Pacific Steam Navigation company's steamer Chicuto and the Panama Canal company's steamer Boyaca. The first named steamer was seized by General Alban, and the other two boats have been chartered by the Colombian government. General Alban was killed in the battle, his vessel, the Lautaro, taking fire and foundering. The revolutionary gunboat Padilla surprised the Lautaro at the opening of the fight and began shooting at close range. Many men on board the Lautaro and the other vessels were killed. It is asserted that the death of the Colombian leader may have the effect of bringing to the government side large numbers of men anxious to avenge his loss. The rebel force failed to effect a landing. At the approach of other government vessels the remainder of the revolutionist fleet withdrew.

Examination of Neely.

Havana, Jan. 21.—The examination by the government of C. F. W. Neely, ex-director of finance of the Cuban postoffice, in the trial of the charges growing out of the postoffice frauds, will be concluded today, when the government will put witnesses on the stand to corroborate the accusations. The fiscal asked Neely if he remembered writing C. M. Rich, his first assistant, in November, 1899, asking him to come to Havana, where there was a good opening, and where he was making over \$50 a day. Neely said he did not remember writing this letter. He said he had \$60,000 in his possession when he was arrested in New York; that this money was not part of the postal funds, but was given to him upon his arrival at New York. He denied that he was interested in other business.

Revolutionists Repulsed.

Willemstad, Island of Curacao, Jan. 21.—It became known that the insurgents who attempted to capture Maracaibo on Saturday were adherents of General Hernandez, who is still kept in prison by Castro. The revolutionists attacked the police post, situated in the main street. The fight there ended in the defeat of the revolutionists. There were "several" men killed and wounded, according to one of the latest advices received, other reports making the loss quite heavy on the government side. The revolutionists concentrated at Paraguaná and near Vela De Coro, according to the reports which have reached Curacao, and appear to have been defeated by the government troops. The revolutionary steamer Libertador, it is now said, is among the islands near here.

Streetcar Stopped.

Terre Haute, Ind., Jan. 21.—Another car was stoned by strike sympathizers along the line of the Terre Haute Electric company at Seelyville. As one of the United States mail cars passed through the little mining town with a nonunion crew, a shower of rocks fell, thrown by a crowd of miners. No one was injured, but the car was badly damaged, nearly every window being shattered. Prompt work on the part of the police prevented several outbreaks in the business section of the city. Mayor Steeg has issued a proclamation forbidding the assembling of citizens along the tracks of the street railway company.

Disturbances in China.

Victoria, B. C., Jan. 21.—News of more rebellions in China was received by the steamer Victoria, which arrived here from the orient. There is a story from Korea that several thousand Chinese have crossed the Tumen and raided Ham Huen Do in Korea. There is a serious insurrection at Ping Lu Hien, in Kiang Su, where the fatal wounding of a missionary and a number of Christian converts took place. The governor of the district has been removed from his post and the viceroy of Kwang Su, together with the governor of Shan Si, have been ordered to combine their forces to quell the disturbances.

Sticks to Spalding.

Cincinnati, Jan. 21.—Barney Dreyfus, president of the Pittsburgh National league baseball club, consented to an interview. He said: "I have been laying low, because I do not believe in the manner in which the controversy has been carried on. I want it understood, however, that I am with Mr. Spalding in this fight. The public will realize ere long who is on the right side of this question." All the letters Mr. Brush can write in 20 years will not make us weaker.

Toledo—Sadie Warner, alias Clara Warren, aged 19, an outcast drunk, was found by the police with carbolic acid and died.

BECKER IS ABSENT

EMPLOYER IN NEWARK SEARCH-
ING FOR HIM.

Columbus Developments in the Forgery Case—The Matter Quite Interesting.

(Columbus Dispatch.)

The local end of the Mrs. Mellie Thompson Newark forgery case is developing some rather interesting results, inasmuch as Manager I. N. Gatrell of the Premium and Publishing company, whose offices are located on East Gay street, is unaware of the presence of Mr. Hubert Becker, whose name has figured in connection with the Thompson woman.

Mr. Gatrell left Columbus Monday for Newark to try and locate his agent, Mr. Becker, not for the reason that he fears any loss pecuniary to himself, other than the services of Mr. Becker, but to assist him, if needs be, in extricating himself from the unpleasant situation in which the woman has placed him. Mr. Gatrell was seen at his office Monday morning by a Dispatch representative, and stated at the outset that he thought Mr. Becker early in the game, had been more sinned against than sinning.

With reference to a report that Mrs. Becker, the man's wife, had not received the promised \$8 per week for the support of herself and seven children, Mr. Gatrell states that he has personally sent the money, with but slight exception, to the woman, and displayed receipts from an express company to that effect. There are but three or four receipts missing and at this time, Mr. Gatrell says, Becker was sick in bed with rheumatism and did not work.

The last Mr. Gatrell saw of Becker was last Friday in Newark. On that morning Becker left Newark, ostensibly to try to raise \$100 to get the Thompson woman out of trouble, but he returned later in the day without the money. He, Becker, was then told that the marshal of the city was looking for him, and left again, since which time Mr. Gatrell has not heard from him. A letter was received Saturday by Manager Gatrell from Mrs. Becker at Cincinnati, showing that the weekly stipend had not been sent two weeks ago, since which time no money has been sent. Becker has been working for Gatrell in Newark since last March.

Mrs. Mellie Thompson who has been in jail for the past four days, charged with forging a note for \$100 on the Newark Savings Bank was released Monday afternoon on a bond of \$100, her mother, Mrs. Catherine Neibarger, whose name was forged to the note, becoming surety for her daughter. Mrs. Thompson went home with her mother.

HEADACHE CHARMED.

It is The Experience of Newark People That Proves the Magical Effect of Dr. A. W. Chase's Nerve Pills With Sick And Nervous Headache.

It has never come to any other medicine—never to all medicines—the abundance of Newark testimony showing the unequalled merit established by Dr. A. W. Chase's Nerve Pills. There is probably no case of nervous sick headache they will not cure.

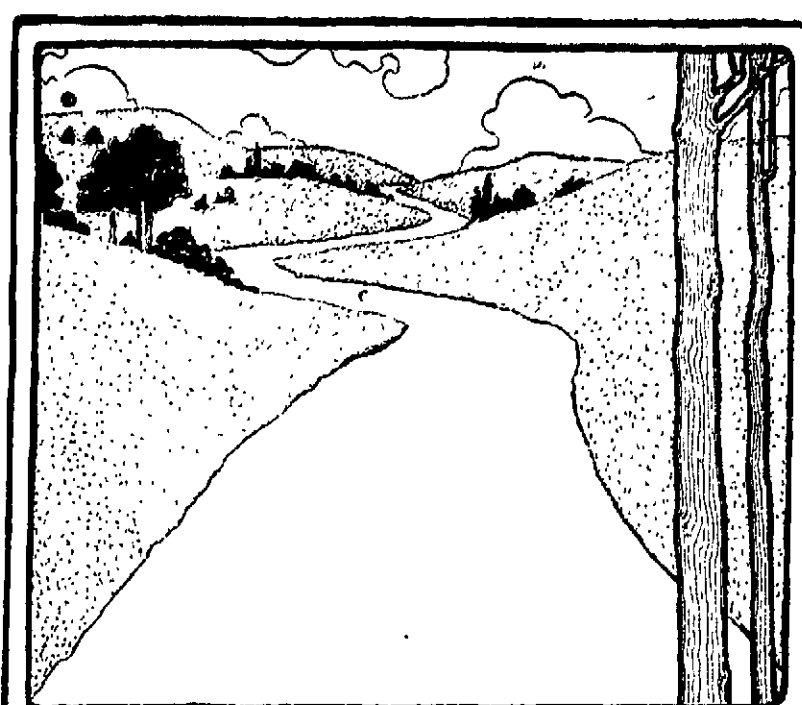

Mrs. B. Bollwine of the Travelers' Hotel, corner Second and Canal streets Newark, Ohio, says: "Dr. A. W. Chase's Nerve Pills are what they claim to be a good nerve tonic. I was induced to use them as a cure for nervousness, restlessness, nervous sick headaches and depression. The box that I got at Bricker's City Drug store worked well in each instance and cured the trouble. I feel well and right again and can recommend them highly as thoroughly reliable."

Dr. A. W. Chase's Nerve Pills are sold at 50c a box at dealers of Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package.

Deafness Cannot be Cured.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed, it has a tendency to close, and the hearing is lost. If the inflammation can be taken out and the tube restored to its normal condition, hearing will be restored; also cases of tinnitus are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Hall's Family Pills are the best.

A WHITE PATH.

There is only one kind of Cleanliness, but there are many kinds of soap. There is only one destination, but there are many paths that lead to it. If you want the shortest and safest road to Cleanliness, it is paved with Ivory Soap. Neither man nor clothes ever get beyond the cleansing power of Ivory Soap. Its rich, creamy lather extracts every particle of dirt; but it stops at the dirt! Ivory Soap—it floats.

STUDENT VOTERS

THEIR RIGHTS TO BE TESTED IN
CIRCUIT COURT.

Question of Their Legal Residence
May Reach Supreme Court—The
Judges' Contest.

(Columbus Dispatch.)

Judge R. M. Voorhees of the Delaware-Licking county circuit court, exchanged benches Monday with Judge Wilson of the Franklin county circuit court. The reason for the exchange is that in the Delaware common pleas court subdivision they have an election contest. Judge George Corner, of Delaware, a Republican, holds the certificate of election. Hon. J. D. Jones, of Newark, and E. M. Wickham of Delaware, Democrats are contesting the election. Tuesday the contest case comes before the circuit court at Delaware. All the judges of that circuit are Democrats. It was decided to exchange benches and have judges from other circuits sit in the case. Hence the exchange by Judge Voorhees and Judge Wilson. Columbus and Franklin county, as well as other parts of the state will be interested in the outcome of this case, since it involves one question which arises at each election in this county. The contestants have questioned the right of students attending the Wesleyan university at Delaware, Kenyon college at Gambier and Denison university at Granville, to vote in the localities where those institutions are located. The contestants seek to throw out the student vote. It is said that about 150 witnesses have been subpoenaed to appear in court Tuesday. There has been no decision by the supreme court on the question, it is stated. Hence the interest of many sections of the state. It is claimed that, as the holder of the certificate was elected by a small majority if this vote was thrown out it would elect one of the contestants. Judge Wickham filed the proceedings and Judge Jones came in by way of cross-petition.

Russian Crew Arrives.

Philadelphia, Jan. 21.—Among the passengers on the American liner Rhineland, which arrived here, were 270 Russian sailors, comprising the crew of the battleship Retvizan, now being built at Cramps' shipyard. The men were transferred to the battleship and they will remain on board while she is at the yard. The Retvizan is said to be the fastest of her class in the world.

Priest Murdered.

Peking, Jan. 21.—A French priest named Julien and two Chinese converts have been murdered at a village in the north of Kwang Si province. Chinese officials assert the murders were committed by robbers and were not a result of an anti-Christian demonstration.

Cousin of Sampson.

Mountain Grove, Mo. Jan. 21.—W. T. Sampson, a first cousin of the rear admiral, who was stricken with paralysis of the brain while attending church, is dead.

The suburbanite who is always running to catch a train must also be training to run and catch it.

W. W. GRANGER

A NEWARK MAN IS HONORED AT
CINCINNATI.

Elected President of the Chamber of
Commerce There—He Writes to
an Old Friend.

The ever ubiquitous Newark boy has been heard from again.

This time it is Mr. W. W. Granger, who formerly resided in this city and was well known here as well as in Granville, where he passed his early youth.

Mr. Granger left Newark many years ago, but is still remembered with kindly feelings by many of his old time friends here who will be pleased to learn that he has not been slow to climb the ladder of fame.

Deputy Auditor Sam C. Bell, who was one of his old time friends, learning that he had been recently elected President of the Cincinnati Chamber of Commerce over one of the most popular citizens and business men of Cincinnati, wrote him a letter, in which he tendered his congratulations and has received the following acknowledgment:

Cincinnati, O., Jan. 21, 1902.

Mr. Sam C. Bell, Newark, O.: Dear Old Friend Sam—You cannot imagine my surprise when I found among my letters of congratulations yesterday, one from you. I can assure you it is gratifying to realize that an old friend like yourself, whom I have not seen for 25 years, should remember me and have a kind word of congratulation to say for me.

The Cincinnati Chamber of Commerce is the oldest organization of its kind in this section of the country. It owns and controls nearly a million dollars worth of property, and its members consist of the leading business men of Cincinnati. The gentleman whom I defeated for President was the strongest man that they could possibly put up against me. He is a well known, popular German, who is at the head of many interests, and his following therefore was very large indeed, but my friends were loyal to me, and my success was therefore assured.

I have often wondered what had become of you, and now that I have located you, I hope it may be my pleasure some day in the near future to stop off at Newark and spend a few moments with you at least. If, on the other hand, you should ever come this way, I trust that I may have a visit from you. I sincerely trust that you will remember me to my old friends. With kindest regards and best wishes I remain, Sincerely yours,

W. W. GRANGER.

CALIFORNIA—TOURISTS CARS

The Missouri Pacific Railway have inaugurated a semi-weekly tourist sleeping car service between St. Louis and California points, for the benefit of its patrons, by which arrangement they are in position to afford the passenger the choice of two routes with through service. Passengers may go either via Missouri Pacific to Pueblo, D. & R. G. and R. G. W. to Ogden, thence Southern Pacific, or via Iron Mountain to Texarkana, Texas and Pacific to El Paso, thence Southern Pacific. The sleeper going via the northerly route leaves St. Louis 2:00 a. m. on Tuesdays and the one via the southerly route on Thursdays, 2:20 p. m. These tourist cars are of modern pattern, always heated, well ventilated and perfectly clear, with competent manager and porter in charge, whose duties are to look after the comfort of the patrons. Map-folders, schedule and further particulars furnished free on application. Address A. A. Gallagher, D. P. A., 408 Vine street, Cincinnati.

Robert S. Chilton, Jr., who has resigned as Chief of the Consular Bureau of the Department of State to go into private business, was connected with the department for 25 years. Mr. Chilton was Vice President Morton's private secretary for some time.

STATE NEWS

HAPPENINGS IN ALL PARTS OF
OHIO.

All Sorts of Buckeye News Items
Boiled So that Only Real
Facts Remain.

Toledo—Wm. and Eva Kelly, deaf mutes, enjoying their honeymoon, were struck by a street car and fatally injured.

Bellefontaine—John Shott, giving his age as 35, and Olive Harman, whose age is given as 22, eloped from De Graff and were married at Quincy. Their real ages are said to be 49 and 17 respectively, and it was on account of this difference that the parents of the girls objected to their marriage. The girl left a note telling her parents they intended to live in Columbus, and added that she didn't want them to visit her.

Marysville—Mrs. Mary J. Davis, of York township, was granted a divorce from Finley Davis, on the ground that he had another wife living at the time he married his second. The first wife testified that Davis had never been divorced from her. Davis whereabouts are unknown.

Findlay—R. A. Shippard and Lee Todd, members of the Volunteer Fire department of McComb, were seriously injured by a large piece of zinc cornice falling from a roof.

Lima—W. L. Russell, representing the National Consolidated Oil company, successor to Sandfork extension and others, closed the largest contract for the drilling of wells in the history of Ohio oil fields. He entered into contract with Frank Breen of Solon, O. for drilling 50 wells, to be completed within four months. The contract involves an expenditure of \$109,000.

New Philadelphia—Morrison & Fisher, arrested Saturday near Urichsville, have been identified by Watchman France and his son as the men who bound and robbed them at Canal Dover. Dynamite and fuses and 800 pennies were found on the men.

Findlay—Richard Dunn, a section hand, struck an empty can with his pick. It had contained nitroglycerin and enough remained to cause an explosion that injured several workmen.

Lancaster—Chas. Randall, colored, attempted suicide by taking laudanum and rough on rats. His wife recently died and grief is the cause. He will recover.

Chillicothe—James Pennell, a visitor at the B. & O. S.-W. shops, while climbing under a locomotive, was crushed by a driving rod which fell on him.

Antwerp—By the bursting of a buzz saw while sawing wood, Wm. Mulburg, aged 45, was instantly killed by a piece of the saw striking him.

Lancaster—W. E. Dewes, sewing machine agent, has been missing since Tuesday, and his wife, who arrived from Somerdale, O., is prostrated.

Marion—Henry Bartlett, aged 17, was run over by a traction engine at Westfield and crushed to death. The accident was witnessed by three brothers.

CONSENT

To His Son's Marriage With His Own Divorced Wife Given by a Father.

Laporte, Ind., Jan. 21.—The country side about Bremen finds food for gossip in the remarkable romance in the Randers family. A few months ago Frederick Randers, middle-aged, took upon himself a bride in the person of a young daughter of a neighbor.

Randers had a handsome young son named William. A regard stronger than that usually felt for a stepmother found lodgment in the son's heart. The young Mrs. Randers looked with admiring eyes upon her good looking stepson, and love soon took the place of admiration. The husband and father learned the secret of the young people and procured a divorce.

Yesterday he accompanied his son and former wife to the County Clerk's office and gave consent to his son's marriage to the former stepmother, the boy being under age, and the young couple were wedded.

Monthly Stock Sale.

Feeling that monthly sales for stock and other articles can be made profitable to the seller and purchaser, we have decided to make a sale of such property on Saturday, January 23, 1902 at 10 o'clock a. m. West Side of the Square, Newark, Ohio.

Anyone having such property for sale can list the same with thunder signed at No. 29 South Third street, Newark, Ohio.

Van Wert—Austin Snashall, a Jew, committed suicide by taking
other.

December and May.

Baltimore, Md., Jan. 21.—Youth and old age took up the battle of life last evening when Theo Noyes 1005 North Dallas street, and Mrs. Maggie Nickloes, 2126 Mura street, Northeast Baltimore, were married. He is 21, she 70, the mother of 12 children, and a grandmother.

The license was secured by a brother of the prospective groom, who said he could not understand why the young man should take such a notion. Mrs. Nickloes has been a widow for a year, and is said to have property.

BISHOP VINCENT'S MOTHER.

Bishop Boyd Vincent's mother lies at the point of death at her home on Forest avenue, Avondale, Cincinnati. She is 89 years old and has been ill for a considerable time, and the present crisis is due to her advanced age and consequent infirmities. Her husband, who died in the sixties, was a prominent banker of Erie, Pa.

NOTICE TO TAXPAYERS.
The County Treasurer's office will be open for receiving taxes on Friday and Saturday evening, Jan. 24 and 25, from 6:30 to 8 o'clock. 1-21-3t
E. T. RUGG, Treasurer.

ATTENTION LAUNDRY WORKERS.

There will be a special meeting of the Laundry Workers' Union, No. 61, at Labor Hall on Tuesday evening, January 21. Every laundry worker in the city is requested to be present.

HEADS SHOULD NEVER ACHE.

Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va. She writes "Dr. King's New Life Pills wholly cured me of sick headaches I had suffered from for two years." (See Headache, Constipation, Biliousness, 25c at Hall's drug store.

MINE WORKERS

Elected Officers of Their National Convention Held in Indianapolis. Proceedings of the Meeting.

Indianapolis, Jan. 21.—Following the report of the committee on accidentals to the national convention of United Mine Workers came the election of officers. President Mitchell, Vice President Leads and Secretary-Treasurer Wilson were elected again without opposition. It is the understanding that the delegates are preparing to ask for an advance that will be equivalent to an all-round increase of at least 10 per cent. Along with this report, however, is another to the effect that many of the operators have determined to take a stand for a reduction of 10 per cent on the ground that they have had an unprofitable year, and that the prospects for the coming year are not bright.

Sugar Conference.
Brussels, Jan. 21.—The international sugar conference reassembled Monday. British delegates definitely announced Great Britain's intention to impose a countervailing duty on sugar unless the bounties were withdrawn. The conference adjourned until Wednesday in order to allow the delegates time to communicate with their respective governments on this and on other developments which occurred during the recess.

Disaster in a Mine.
Walsenburg, Colo., Jan. 21.—A courier has reached here from Pictou, a coal mining camp located three miles from Walsenburg, bringing news that a terrible explosion occurred in one of the mines operated by the Colorado Fuel and Iron company at that place, in which three men were killed instantly and three more injured, two of them perhaps fatally. The mine immediately caught fire and is now a seething furnace.

Akron—Wm. Dickerson has received a Whitecap notice to move or be tarred and feathered. He says he won't move.
